**Rules & Regulations for General Ormsby Mitchel Park:**

- Teams must understand that the Blessed Sacrament Boosters have first priority on the field. If a situation comes up where a make-up knothole baseball game needs to be rescheduled for a Booster team, then they will be able to play this game during their practice time and beyond if necessary. Teams affected by this will be notified thru the contact person listed on this form.
- Teams have to have a copy of their official team roster attached to this sheet. On this roster it must have players names, address, and phone numbers.
  - Teams must have at least 50% Ft. Mitchell residents to use the baseball field because of high demand for the field.
- Last summer we had eight non Blessed Sacrament teams use the baseball field at our park. We need to be able to work together to maximize the use of the baseball field.
- Times will be allotted by when the park receives this filled out form and roster. Practice times for each day are 5:00-6:30, 6:30-8:00, 8:00-9:30. Games are played at the park on Wednesday nights and all day Saturday.
- The park usually receives its master schedule from the Blessed Sacrament Boosters by the end of March. At this time each team will get a practice slot for the preseason (till the games start in late April / Early May). After games start you will possibly have your practice times changed because of knothole scheduling for the remainder of the baseball season.
- General Ormsby Mitchel Park should only be used for your teams practices and not games. Remember things can come up at any time that might affect your “scheduled” games starting time.
- General Ormsby Mitchel Park has its own baseball update line for rainouts (331-2536 Ext. 333). This line is updated everyday during the summer by 3:00 in the afternoon.
- By sending in this form & team roster you understand all of the information that has been discussed.
- This form and your team roster should be sent to the following address:
