

## Grace Avenue Stormwater and Street Improvements Project

To: **All Plan Holders**

From: Jonathan McCracken, PE  
Integrated Engineering/PRIME AE  
166 Prosperous place, Suite 220  
Lexington, KY 40509

Date: May 24, 2021

The purpose of this Addendum is to clarify further the requirements of the plans and specifications.

The bidders are governed by the information in this Addendum as if included in the plans and specifications.

This Addendum does hereby become a part of the Contract Documents.

Each bidder shall acknowledge receipt of this Addendum in the space provided in the Bid Form.

This Addendum consists of 8 ½" x 11" pages.

This Addendum is being **EMAILED** to all plan holders.

### **Specifications**

1. Section 004113 – Bid Form

Replace Page 004113-3 with attached revised Bid Form. **(Item 7: Remove Concrete Pavement & Rolled Curb Unit changed to SY)**

### **Contractor Question**

1. **Question: What is the existing concrete pavement thickness?**

Answer: The concrete pavement is estimated to be 8-10" based on previous concrete replacement projects within the City of Fort Mitchell.

3. “collusive practice” means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and
4. “coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

## ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents. The following unit prices indicated by Bidder below shall be used for all additions, deletions, and revisions to the Contract, as necessary. The unit prices shall include the furnishing of all labor and materials, cost of all items and overhead and profit for the Contractor, as well as any subcontractor involved.
