Mayor Hehman stated that this increase is to bring compensation in alignment with other cities and includes an annual inflationary increase. Mr. King stated that there is a line in the amendment that states, “subject to the discretion of the City Council and their budget process”. If there is a year in which council does not want, it is ultimately approved through the budget. Mr. Deatherage stated that the compensation has not been changed for many years.

These changes will be included in the amended budget. Ms. Amlung stated that council can authorize the mayor to extend an offer of employment. Ms. Nachazel made a motion to authorize the Mayor to make an offer of employment to this individual. Mr. Deatherage seconded the motion. Mayor Hehman asked if there were any questions or concerns. The State Department is going to redo Dixie Highway from Buttermilk Pike north and they will install new curbs, gutters and energy check sections. Putting the utilities underground on Beechwood Road is an option for the project, and they will widen the sidewalks towards the street on both projects. The yards towards the houses will remain intact. Engineering for this project will not start until at least August 2026. Construction will begin another year after that. The Council has budgeted for a short sidewalk to show residents and will meet with the residents.
